Insider Threat Program Management With Legal Guidance Training Course™

One of the most important aspects of developing and managing an Insider Threat Program (ITP) is protecting the privacy and civil liberties of employees. Ignore this critical aspect and a business might find itself involved in a lawsuit with a current or former employee.

Insider Threat Defense (ITD) has partnered with the Insider Threat Management Group ([ITMG](#)) to offer the **only** training course that covers both ITP Management and Legal Guidance for developing and managing an ITP.

Mr. Shawn Thompson of the [ITMG / Insider Threat Training Academy](#) is a licensed attorney with over 15 years of experience investigating and prosecuting malicious employees, and managing ITP's. He is widely recognized for his insider threat expertise and unparalleled scope and breadth of experience. Mr. Thompson has been involved with creating and managing ITP's for numerous federal agencies. His work with the National Insider Threat Task Force led to the creation of the National Insider Threat Policy and ITP Minimum Standards for Executive U. S. Government Agencies. ([Bio](#))
